OUR NAME IS OUR TRADEMARK

DEVIS CERAMIC AND PORCELAIN HISTORY

We started to create Ceramic and Porcelain master pieces in 1968. Our Ceramics and Porcelain are best in quality, uniqueness and distinct designs.

It is a Family owned Company, with a branch in the USA (TX) and Philippines. Our Originality is our Success.

If there is in Italy a kind of Ceramic and Porcelain that is universally loved and known, this is certainly the one of Capodimonte: delightful statuesque bursting with life and popular grace but,

above all, the highly delicate flowers, are a real wonder of lightness. Today, some of the followers of this very special style pass down the secret of these gentle flowers with their works, giving us unexpected springs. The firm Devis is based in Nove, in the Vicenza province, the town where Bassano ceramics was born.

Yes, the ultralight Neapolitan style must have really conquered the firm, which treasures the inheritance of ancient master craftsmen and at the same time has revived it with technical innovations introduced over years of work. Now the enterprise successfully operates on the European and non-European market, offering a wide range of products for furnishing the home: baskets, vases, candelabra, mirrors, lamps, tea-set, washing wels, porcelain flower frames... And the most skilful "Floristi" who have handle down all the secrets of the trade from generation to generation.

Expert hands create this impalpable delicacy and succeeds in keeping production costs at a medium-low level.
